

THE HEMPEL COLLECTION

London W2

At the heart of elegant London, Hempel Gardens is discreetly private and superbly well connected; both central and serene.

To the south, the green swathes of Kensington Gardens and Hyde Park – London's most notable Royal Park – are within 5 minutes walking distance. From there, it's a short walk to Knightsbridge, Chelsea, and their renowned department stores, Harrods and Harvey Nichols.

To the west are the fashionable boutiques, cafés and restaurants of Notting Hill, as well as more shopping at Westbourne Grove, and the charming markets of Portobello Road.

East – and again, just moments away – is the buzz of Oxford Street shopping and the famous restaurants and private members clubs of Mayfair.

From here, the capital is your oyster. The Central, District, Circle, and Hammersmith & City lines are all walking distance from Hempel Gardens. And the arrival of Crossrail in 2018 will only make this special part of London even more desirable.
